1. **About DES PU, Pune**

Welcome to the DES Pune University, Pune (DES PU), a dynamic institution equipped to redefine the landscape of higher education. Rooted in the legacy of Deccan Education Society's educational excellence, the DES PU emerges as a beacon of modern education, driven by an unwavering commitment to research, creativity, and innovation.

What sets DES PU apart, is its multifaceted approach to education. We believe that true education transcends classroom learning. Through internships, workshops, seminars, and industry interactions, we ensure that our students are well-prepared to excel in their chosen fields. From well-equipped laboratories to modern lecture halls, every aspect of our infrastructure is designed to enhance the learning journey. Our emphasis on practical exposure, combined with theoretical rigor, prepares our graduates to navigate the complexities of the real world with confidence.

Vision

To be globally recognized as a knowledge and resource generation centre that contributes to regional, national and global development.

Mission

To cultivate inquisitive learning, pushing knowledge boundaries for human betterment. To create a multidisciplinary environment for the co-creation of knowledge creation through research and innovation.

2. **Admission**

Since its inception, DES has created a benchmark in higher education across the country. DES PU provides a platform to students coming from numerous Indian states and even abroad. DES PU has always fostered a culture of diversity, tolerance, and acceptance. DES PU has an alumni base of more than 1,00,000 contributing to several organizations in the country and abroad. Embrace an opportunity to learn from experts and grow and succeed in professional life with DES PU.

3. **Schools**

a. **School of Engineering and Technology**

The programmes offered by the School are designed to empower students with programming skills, logic-building, analytical skills, and problem-solving techniques and model construction for real-time applications. With interdisciplinary curricula, experienced faculty, and well-equipped laboratories, the school offers B.Tech. and M.Tech. programmes in Computer Science Engineering, and Electronics and Communication Engineering with a strong focus on research and employability.

Vision

To be a Seat of Excellence in Technical Education and Research.

Mission

- To develop quality engineering professionals with strong ethical values and social awareness.
- To provide a conducive environment for the overall development of graduating engineers with lifelong learning skills.
