1 About DES Pune University, Pune

Welcome to the DES Pune University, Pune (DES PU), a dynamic institution equipped to redefine the landscape of higher education. Rooted in the legacy of Deccan Education Society's educational excellence, the DES PU emerges as a beacon of modern education, driven by an unwavering commitment to research, creativity, and innovation.

What sets DES PU apart, is its multifaceted approach to education. We believe that true education transcends classroom learning. Through internships, workshops, seminars, and industry interactions, we ensure that our students are well-prepared to excel in their chosen fields. From well-equipped laboratories to modern lecture halls, every aspect of our infrastructure is designed to enhance the learning journey. Our emphasis on practical exposure, combined with theoretical rigor, prepares our graduates to navigate the complexities of the real world with confidence.

Vision

To be globally recognized as a knowledge and resource generation center that contributes to regional, national and global development.

Mission

To foster the spirit of inquisitive learning. To contribute to national development with a global perspective rooted in academic knowledge and cultural wisdom. To create multidiscipline.

Values

"Nation first", Trust, Transparency, Integrity and Discipline.

2 Admissions

Since its inception, DES has created a benchmark in higher education across the country. DES PU provides a platform to students coming from numerous Indian states and even abroad. DES PU has always fostered a culture of diversity, tolerance, and acceptance. DES PU has an alumni base of more than 1,00,000 contributing to several organizations in the country and abroad. Embrace an opportunity to learn from experts and grow and succeed in professional life with DES PU.

3 Schools

a. School of Engineering and Technology

The programmes offered by the school are designed to empower students with programming skills, logic-building, analytical skills, and problem-solving techniques and model construction for real-time applications. With interdisciplinary curricula, experienced faculty, and well-equipped laboratories, the school offers B.Tech. and M.Tech. programmes in Computer Science Engineering, and Electronics and Communication Engineering with a strong focus on research and employability.

Vision

To be a Seat of Excellence in Technical Education and Research.

Mission

- To develop quality engineering professionals with strong ethical values and social awareness.
- To provide a conducive environment for the overall development of graduating engineers with lifelong learning skills.
- To promote a culture of multidisciplinary research and innovation.

b. School of Science and Mathematics

The school offers a dynamic range of undergraduate and postgraduate programs designed to align with industry needs while inculcating a research-oriented learning approach. With a strong emphasis on analytical thinking and a scientific mindset, these programs equip students with the skills necessary for both professional and academic excellence. With dedicated faculty, advanced laboratories, and a collaborative learning environment, the school offers programmes in Computer Science, Data Science, Computer Applications, Blockchain Technology, Applied Statistics, and Bioinformatics.

Vision

To cultivate critical thinkers, problem solvers, and ethical professionals through education, driving regional and national development.

Mission

- Promote research and innovation that address real-world challenges, focusing on sustainability, ecology, and conservation.
- Integrate advanced technologies into all aspects of education and research.
- Deliver academic excellence by equipping students with the knowledge, skills and ethical mindset needed for success.
- To form an inclusive community that encourages interdisciplinary collaboration and intellectual curiosity.
- Inspire a commitment to lifelong learning, preparing students to contribute to regional, national and global development in alignment with the school's vision.

Goals

- Academic Excellence: Ensure high standards across all programs, equipping graduates with comprehensive knowledge, critical thinking, and problem-solving skills. Update curricula to reflect advancements in technology.
- Research and Innovation: Encourage collaboration between students and faculty to develop innovative solutions by exploring interdisciplinary domains.
- Technically Strong: provide training to ensure students and teachers stay at the forefront of whatever technology they use.
- Collaboration: build partnerships with industry, research, and other academic institutes to nurture intellectual curiosity.
- Build a strong connection with alumni. And promote global awareness to make significant contributions in their respective field.
