

MoU with Riskpro Management Consulting Pvt. Ltd.
for Certification Courses in Audit Analysis and Forensics

Recently, **DES Pune University (DES PU)**, joined hands with **Riskpro Management Consulting Pvt. Ltd.**, a global leader in risk management education. This collaboration heralds a significant milestone bridging academia and industry, as both the institutions signed a Memorandum of Understanding (MoU) to introduce certification courses in Analytics and Forensics.

Currently tailored for the School of Engineering and Technology, these courses aim to foster an analytical mindset among students by prioritizing critical thinking, data analysis, and financial comprehension. These skills are essential for students to flourish in their professional journeys. Under the collaborative agreement, Riskpro will initially offer two certification courses: Analytics for Auditors and Forensics. Each course will carry two credits in the curriculum, providing students with a comprehensive and industry-relevant education.
